

# About Tri-County Bank

We have been your Hometown Bank since 1899 and our core commitment remains to help build the communities we serve. Whether it is through providing financial services such as a home mortgage, a farm equipment loan, commercial business financing or simply managing your savings and checking account. We value you and the trust that you place in us.

In addition to providing services to the local communities, Tri-County Bank's staff and board members volunteer their time to numerous civic groups, religious institutions and community organizations. Our children go to school here, we participate on athletic teams, donate our time and talents to charitable causes and work hard to help make our community a better place to work, rest and play.

Tri-County Bank is a local independent business much like the majority of our commercial customers. We are devoted to remaining an independent community bank who understands the need to provide professional, efficient and friendly service.

Call us at any one of the convenient locations listed on the back of this leaflet. We would be happy to help you.
